

FNRGC Authorization Form Template

Last update: February 23, 2004

The following page serves as a **sample form** for organizations that have been allocated a “Standing” seat on the Far North Regional GIS Council (FNRGC) to document their official representative on the FNRGC. Individuals interested in an “At-Large” seat on the FNRGC should use the same form. “Standing” members are those who officially represent an agency or organization. “At Large” members are individuals who do not officially represent an agency or organization but participate in the collaborative process anyway.

It is requested that the sample form (or something similar) be **printed on letterhead of the Organization/Agency**, signed/dated and submitted to the FNRGC at the following address:

Eric Haney
